

Berkeley College®

Your **potential** is our **promise**®.

Be

in the center of it all.

International Viewbook 2025-2026

Begin your future at Berkeley College in the heart of New York City.

Be amazed

New York City is like no other place in the world. The “city that never sleeps” is a global center for business, fashion, design, and more. It’s also the perfect place to prepare for a career that can take you anywhere!

The Berkeley College campus in New York City is close to many Fortune 500 firms, major financial institutions, the New York Stock Exchange, as well as leading names in technology, marketing, design, and other in-demand industries.

We hope you will consider Berkeley College, where preparing students for professional and personal success has been our focus since 1931. We invite you to learn more about our proven, career-focused programs; our dedicated faculty and staff; and exceptional support services and resources.

Be informed

Unlike many colleges, Berkeley College is completely focused on preparing you for professional and personal success. Here are just some of the ways we stand out:

Berkeley College is...

- **Relevant.** Our career-focused programs are developed and updated with input from industry experts to ensure that you learn the skills today's employers demand.
- **Professional.** Our professors are chosen for their academic excellence and professional experience in the subjects they teach.
- **Flexible.** Programs are available on campus, online, or through a blend of both.
- **Practical.** Many programs include an internship, practicum, or job-related assignment to give you real-world experience.
- **Supportive.** Extensive support services and resources—including tutoring—are available to all students. Berkeley College graduates receive free career assistance.*

Be global

Because the economies and businesses of the world are interconnected, it makes more sense than ever to study in an environment that offers opportunities to exchange global perspectives. At Berkeley College, your exposure to different cultures and customs can be extremely valuable throughout your career.

- More than 600 international students representing 48 countries are enrolled at Berkeley College.

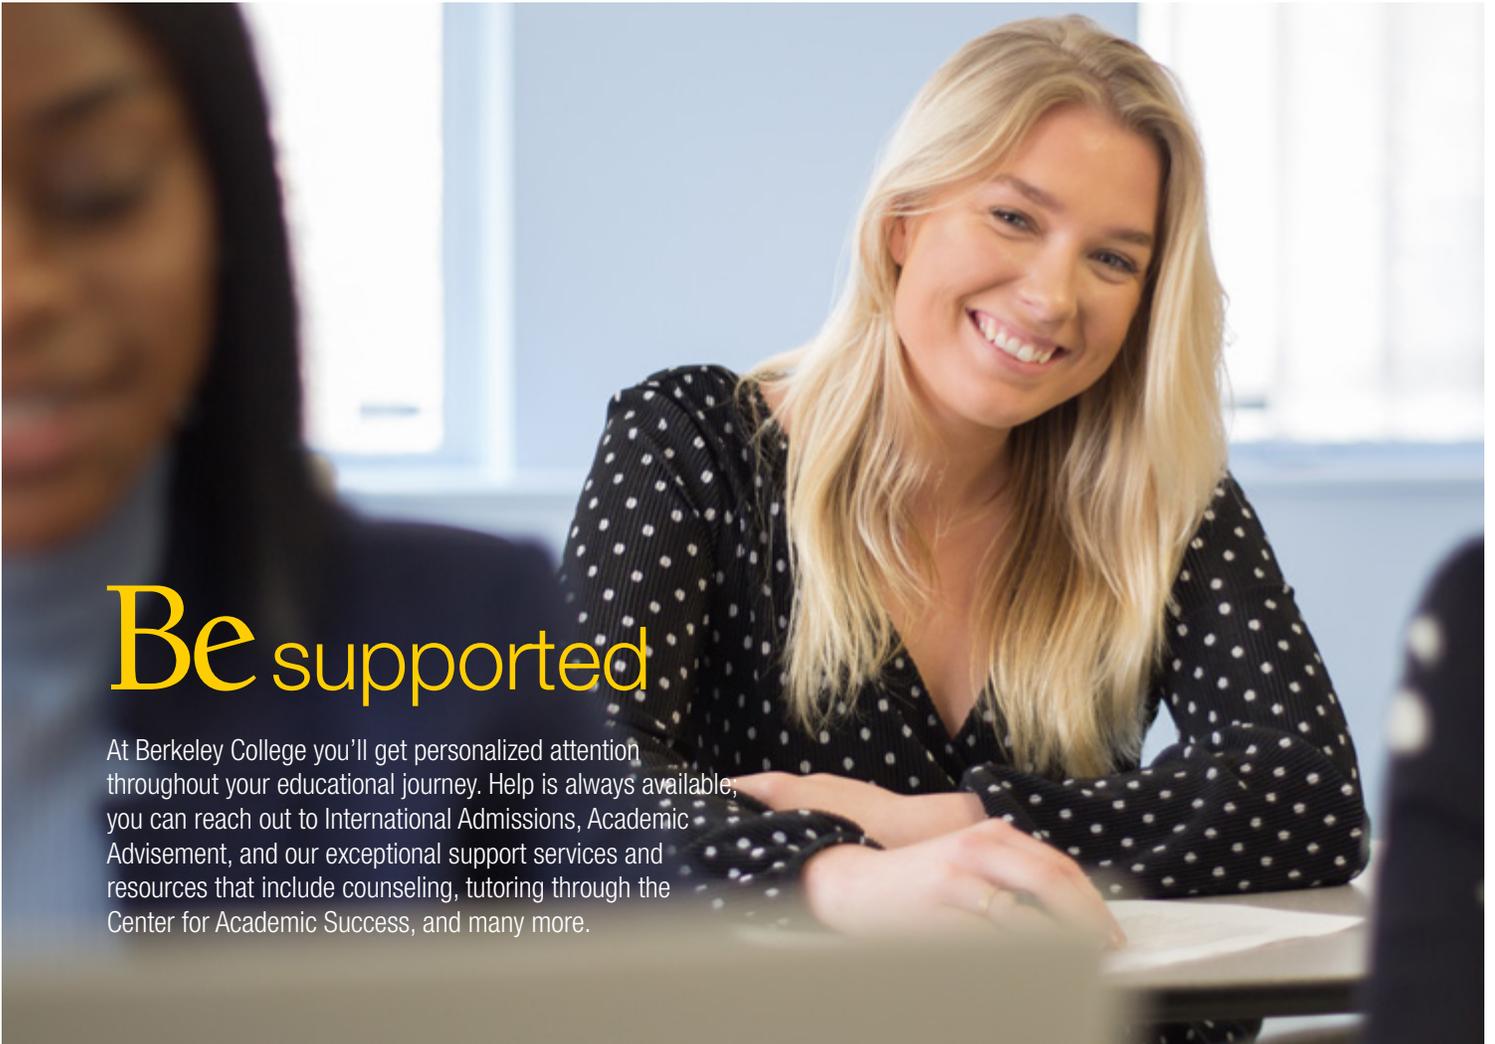

*Continuing Education certificate program students are not eligible.

Be hands-on

Experiential learning at Berkeley College

Learning doesn't only take place in the classroom at Berkeley College. Through internships, guest speakers, field trips, and other industry-related events, experiential learning allows students to learn firsthand from leading professionals and engage in hands-on activities that provide important insights into current trends in the workplace. These experiences also provide valuable opportunities to build their resumes and cultivate meaningful connections to support their professional growth. The focus on experiential learning aligns with Berkeley's mission of empowering each student to achieve lifelong success by equipping them with practical skills, networking opportunities, and real-world, hands-on experiences.

Be supported

At Berkeley College you'll get personalized attention throughout your educational journey. Help is always available; you can reach out to International Admissions, Academic Advisement, and our exceptional support services and resources that include counseling, tutoring through the Center for Academic Success, and many more.

Programs of Study

Berkeley's career-focused programs are developed with input from advisory boards made up of industry experts to ensure you learn the skills that employers demand. Many programs include a faculty-monitored internship, practicum, or job-related assignment where you'll be able to apply what you've learned in a real-world setting. This experience can be a tremendous advantage in beginning a career.

3D Digital Visualization

Add a new dimension to your creativity. Digital visualization is an important career that continues to grow dramatically throughout many industries. You'll learn to communicate architectural and graphical concepts using advanced 3D modeling software and develop the advanced skills and knowledge that employers seek.

Accounting

Learn the art and science of managing a company's finances. Our Accounting degree programs cover varying levels of accounting theory, practical knowledge, and technology, preparing students for a range of professional roles.

Business Analytics

Learn how to use data to predict customer trends, optimize operations, reduce costs, and manage risks. Whether you're helping a global company streamline its supply chain or supporting a startup with marketing insights, your ability to turn data into action will make you a valuable asset in any industry.

Fashion Merchandising and Management

Combine fashion sense and business sense for the perfect fit. This program will give you an all-around understanding of the industry. You'll learn about historical trends, marketing strategies, management skills, the latest technology, and more as you prepare to enter this exciting career in a number of roles.

Financial Services

Help others invest in a better future. You'll learn how financial institutions work, with a focus on the products and services they offer and their importance to the economy. From experienced professionals, you'll learn to assess client needs and develop comprehensive financial plans.

General Business

Gain a broad base of powerful business knowledge. This flexible program allows you to learn a variety of business areas related to a range of career opportunities. You'll learn the skills to enter the competitive professional world and have the option of continuing your education or exploring different roles and industries.

Graphic Design

Learn the art of effective visual communication. This exciting program teaches the artistic skills and technology used by graphic designers to help businesses successfully connect with their audiences through websites, advertising, packaging, periodicals, and other traditional and digital media.

Health Services Management

Help manage the business of health. From experienced professionals, you'll learn the business skills and technology needed to enter the fast-growing healthcare field in management, administration, and other important positions. The curriculum explores the many types of professional healthcare organizations.

Information Technology (IT) Management

Combine IT and business applications. A unique blend of technology skills and business management effectively prepares you for the fast-paced information systems field. You'll learn current technology while focusing on business, network security, and database management.

Interior Design

Learn the art and business of creating functional and aesthetic environments for living and working. Focus on the creative and business aspects of interior design as you learn the technical and practical skills from experienced designers, and prepare to enter a variety of professional roles.

International Business

More than ever, business crosses borders. As you prepare to work in a global marketplace, experienced business leaders will share the knowledge, understanding, and insight you'll need to deal effectively with the complexities of business environments around the world and the multinational and multicultural issues involved.

Justice Studies – Criminal Justice

Learn the skills to make the world more secure. You'll build a strong foundation for a variety of careers in this important field as you learn from professionals with a vast range of experience. You'll take courses that focus on both the technological and management skills required in the administration of justice.

Legal Studies

Prepare to enter the growing legal support field. Legal support services with government, nonprofit organizations, and regulatory/compliance offices are just a few of the possible career paths you can take. You can concentrate in specialized areas such as legal administration, business law, or elder law. The Legal Studies program also provides a solid foundation for continuing on to law school and other advanced studies in law.

Management

Manage a company by motivating people. Innovation and creativity are at the core of this program, where you'll learn skills to enter various management roles within different types of organizations.

Marketing

Communicate creatively for a cause. Products, services, and ideas need to capture attention and build desire among consumers. Organizations depend on marketing professionals for advertising, public relations, sales promotion, and professional selling to build their brands.

Master of Business Administration in Management (MBA)

Expand your opportunities. Through advanced studies, you'll prepare for top management positions in a wide range of industries. You'll learn from accomplished professors and have the opportunity to apply current topics and concepts in your coursework.

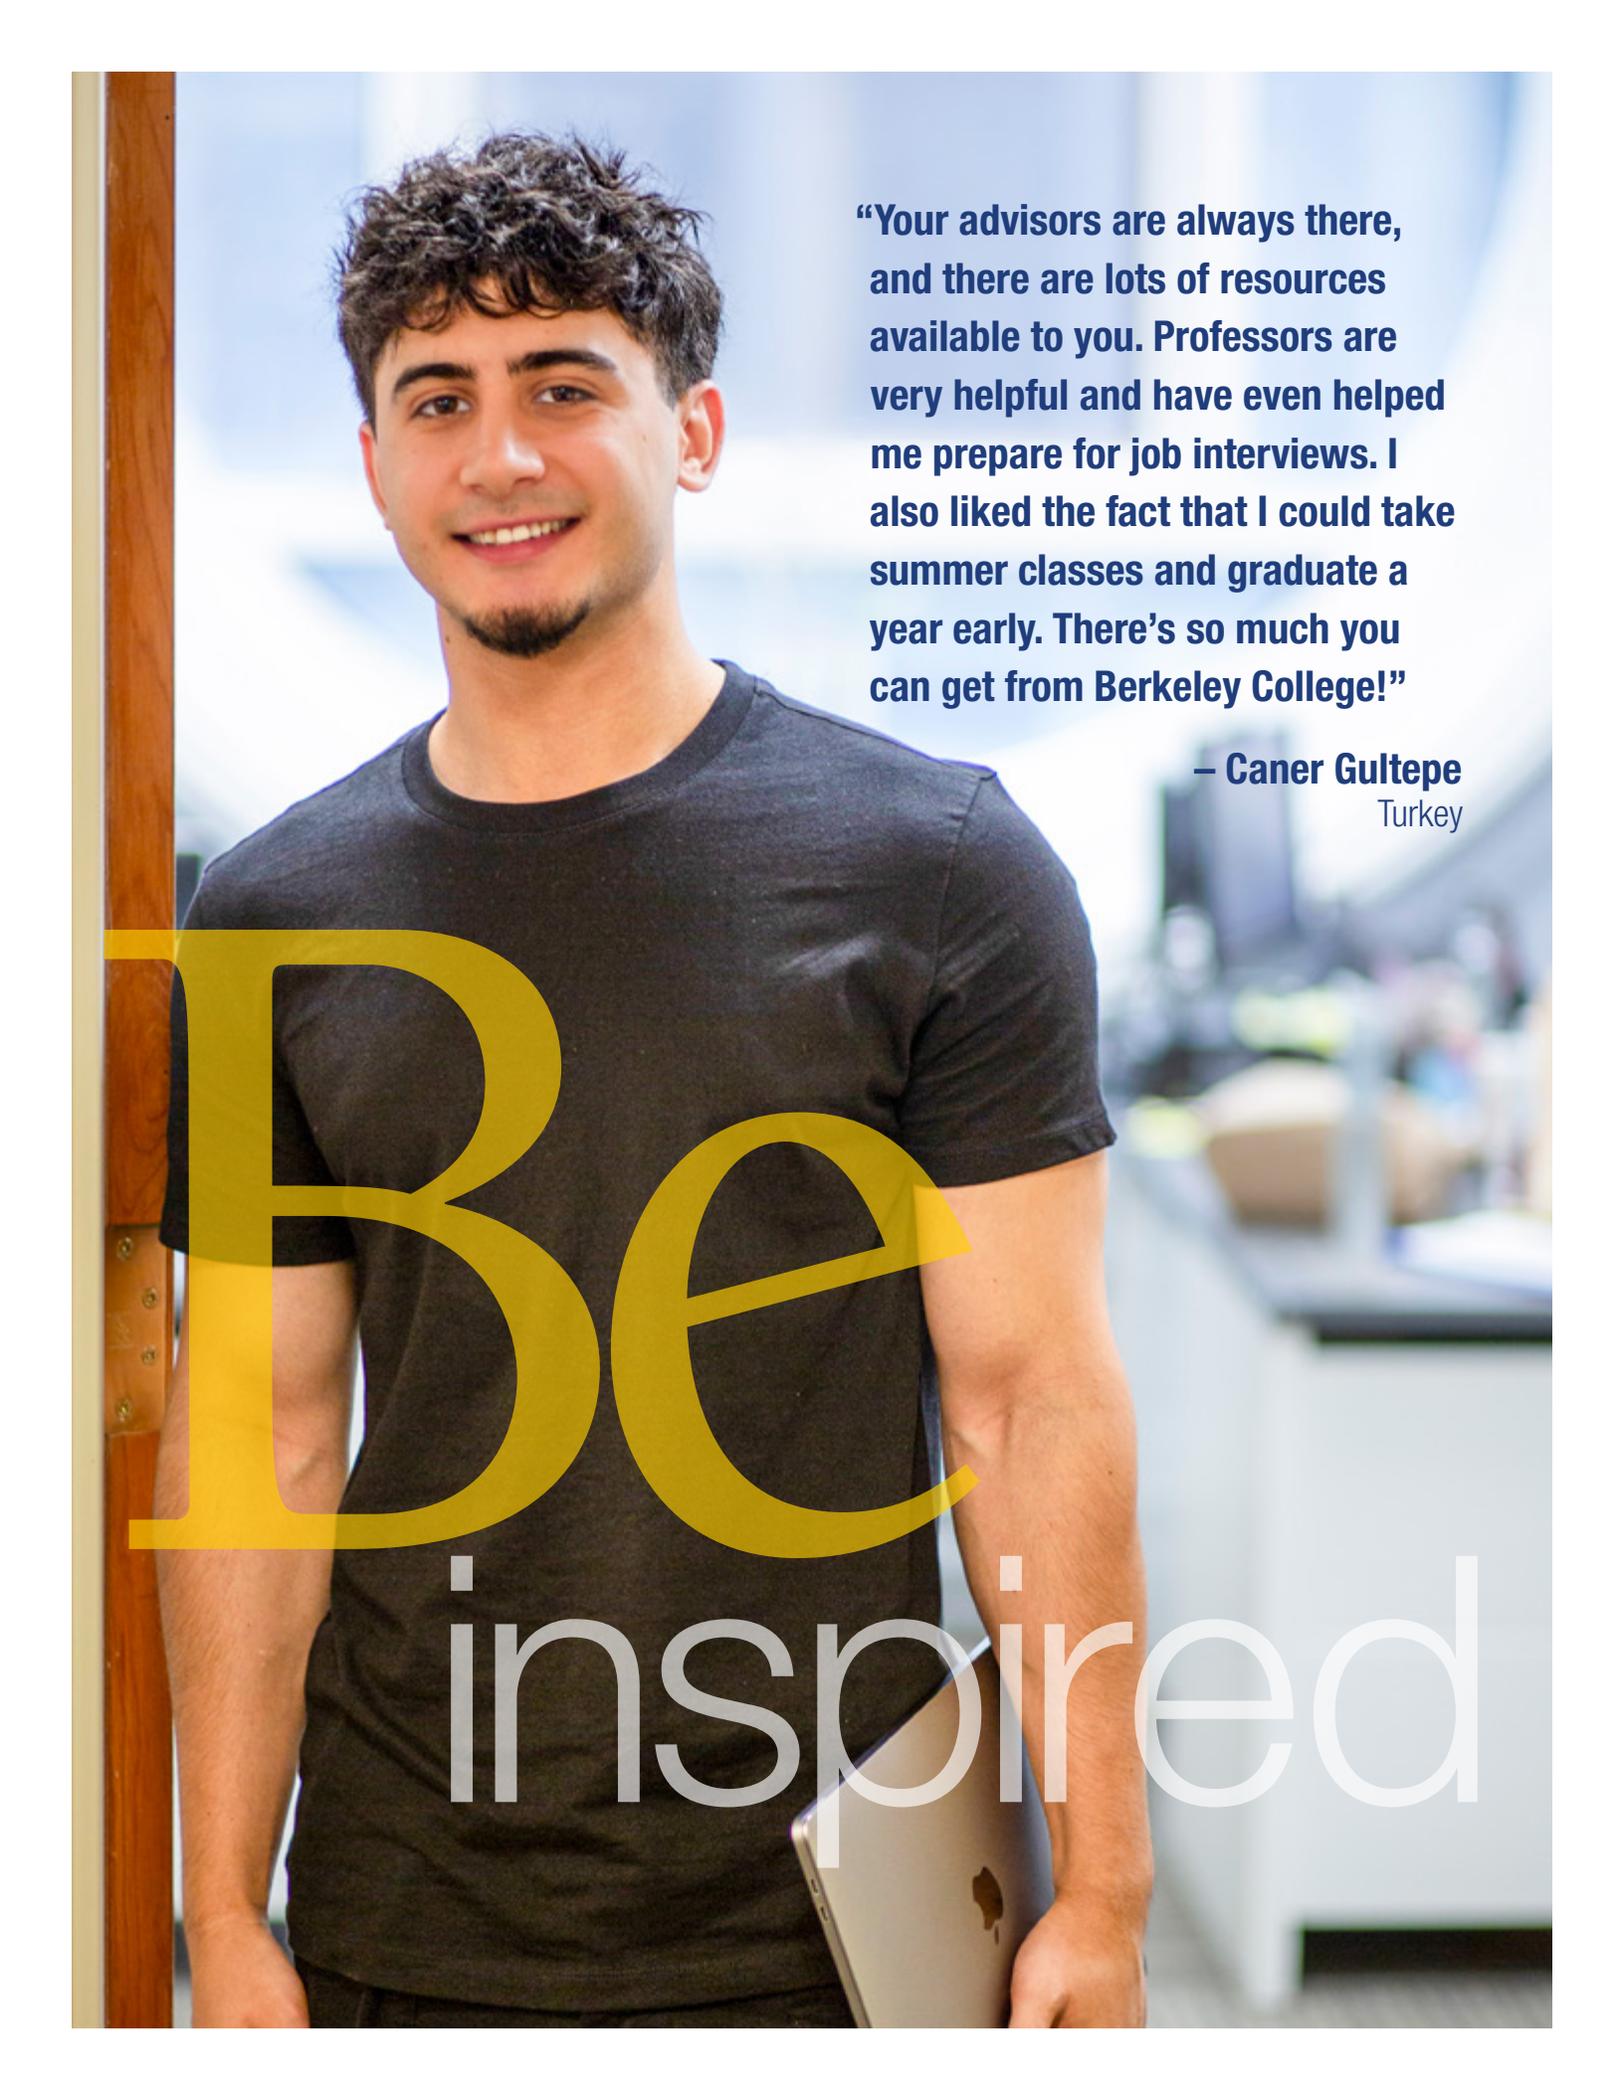

Media Communications

Master verbal, written, and visual communication to help shape the future of the ever-changing media industry. Few industries have evolved as dramatically as the world of media. To capitalize on today's myriad of opportunities, this program provides a well-rounded foundation in traditional and emerging media skills to prepare you for a wide range of media-based careers in areas such as public relations, marketing, advertising, technical writing, journalism, news analysis, podcasting, and more.

Not all programs and courses are offered at all campuses. You may be required to take some courses at another campus or online.

Berkeley College reserves the right to add, discontinue, or modify its programs and policies at any time. Modifications subsequent to the original publication of this document may not be reflected here. For up-to-date and detailed information, please visit BerkeleyCollege.edu and view our catalogs at BerkeleyCollege.edu/Publications.

“Your advisors are always there, and there are lots of resources available to you. Professors are very helpful and have even helped me prepare for job interviews. I also liked the fact that I could take summer classes and graduate a year early. There’s so much you can get from Berkeley College!”

– Caner Gultepe

in the center of it all.

“I recommend Berkeley because the professors here are awesome; they are excellent at what they do. You can always come to their offices, and they are really helpful.”

- Marie Halvorsen
Norway

Be
connected

Berkeley College is dedicated to making your experience positive—from the admissions process to graduation and beyond. Our goal is to provide you with personal attention, and our admissions advisors, academic advisors, professors, international advisors, career advisors, and support staff are available to assist you.

International Department

Our International Department offers assistance with student visas, information about housing, and help adjusting to life in the United States.

Student Life

Berkeley College offers many activities beyond the classroom to help you socialize with other students, develop friendships, and expand your professional network. Past activities include cultural dinners, an international student cruise, a United Nations tour, a Wall Street tour, and a fashion museum tour. There's always something going on.

Clubs

The International Club, United Nations Club, Desi Club, Hispanic Club, Turkish Club, Chinese Student Association, Korean Student Association, and Japanese Student Association are just some of the ways to get involved at Berkeley College. Or find some other students with similar interests and start a new club!

Athletics and Recreation

At Berkeley College, men's and women's intercollegiate teams compete in soccer (football) and basketball. Students may participate in club teams and intramural play in other sports. Berkeley College is a member of the United States Collegiate Athletic Association (USCAA) and the North American Conference for Intercollegiate Athletics Inc. (NACIA)

Student Resources

Libraries

Our libraries offer numerous resources to support academic programs, as well as the intellectual and cultural enrichment of the Berkeley community. A systemwide collection of more than 177,000 volumes is held locally by facility and shared collectively through a web-based library management system. Students have access to online catalogs, electronic databases, and the internet.

Technology

Berkeley campuses are equipped with wireless internet and smart classrooms. Our computer labs have modern, up-to-date hardware and software.

Center for Academic Success

Our Center for Academic Success is available at each campus and online to help students improve their academic performance. Peer and faculty tutoring is available on site or online.

Berkeley College Online®

Students around the world can earn a Bachelor's, Associate's, or Master's degree through Berkeley College Online. Students can also combine on-site and online classes.

- Many of the same proven programs and resources are available both on site and online.
- Courses can be accessed 24 hours a day, seven days a week, from any location where internet access is available and permitted by law.
- Students may take advantage of online clubs, activities, tutoring, an extensive online library, and Career Services.

“You’re not just a number here. Faculty and advisement staff really care about you. My advisors know my name and understand what I need. They treat you like family.”

– Isabela Baganha
Brazil

Please note that students in the U.S. on student (F-1) visas are limited in the number of online courses they are permitted to take.

Be
flexible

Faculty

Our faculty members are chosen for their excellent academic credentials, their relevant professional experience, and their ability to provide close personal attention to students. Many students develop positive connections with their professors, who are committed to their academic, professional, and personal success.

Faculty Spotlights

Here is just a sample of the faculty you'll find at Berkeley College. Each accomplished professor brings a unique perspective that helps students prepare for the professional world.

Andrea Kennedy

Professor Kennedy is a fashion and sustainability designer, strategist, sourcing specialist, and educator. She has more than 25 years of experience in design, merchandising, product development, sourcing, sustainability and environmental, social, and governance work. She has consulted with high-profile fashion brands on implementing sustainable practices across all areas of design, production, and sourcing.

Julia Hutchinson

Professor Hutchinson has more than two decades of experience as a seasoned graphic designer, instructional designer, and college professor. She specializes in fusing traditional design concepts with new immersive technologies, including AI/AR/VR. In her freelance venture, Joule Design Consulting, she creates stunning visuals, brand identity, motion graphics, and social media for various clients.

David A. Glazer, JD, CFP, PhD

Dr. Glazer brings nearly three decades of experience as a marketing executive and a Certified Financial Planner (CFP). He holds graduate degrees in Law, Management, Financial Services, and Marketing and is a member of the Virginia State Bar, as well as a Chartered Financial Consultant (ChFC) and LLIF (LIMRA Leadership Institute Fellow). Dr. Glazer is also a published author.

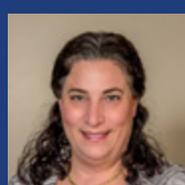

Kim Felsenthal, PhD

Dr. Felsenthal has a broad background. She worked in the private and public sectors in planning and engineering for over 10 years and has more than 15 years of experience developing and teaching a variety of social science classes. Her area of specialization is exploring how gender and sexuality is constructed, validated, and expressed.

Dyandra Raye Brown

Professor Brown's fashion/retail journey includes styling commercials and celebrity clientele. She created an award-winning fashion, lifestyle, and travel blog and has worked in management roles with companies like BCBG, Republic Clothing Group, Torrid, and others. She currently runs a luxury vegan footwear line, consults for leading retailers, and teaches fashion courses to empower the next generation of thinkers and doers.

Marjorie Silverman, PhD

With more than 30 years of experience in healthcare, Dr. Silverman has in-depth knowledge, having worked with physician practices, ambulatory surgery centers, and hospital-affiliated practices. She has developed strategies to support organizational growth, provided business development and planning services, and completed market assessments, gap analyses, and demand projections.

How to apply for admission

Required documents for Undergraduate Admissions:

- A completed Berkeley College International application
- Official secondary or post-secondary transcripts and proof of graduation (with certified English translations)
- Proof of English proficiency:
 - » TOEFL – IBT 61 or higher
 - » IELTS – 5.5 or higher
 - » Other English tests are acceptable
 - » ESL certificate of appropriate level from approved ESL program
- To meet SEVIS I-20 visa sponsorship requirements, you must provide financial documentation that, at a minimum, demonstrates the availability of sufficient funds to cover Berkeley College's yearly tuition and expenses.

Conditional Admission

A student who wishes to enter one of Berkeley College's degree programs and does not have the required proof of English proficiency can apply for conditional admission. Students can attend English as a Second Language classes (ESL) at the New York City campus through Rennert International.

Financial Aid

Tuition Freeze

Educational costs are an important consideration for students selecting a college. For that reason, Berkeley College protects eligible students from increases in full-time tuition rates through the Tuition Freeze Program. To be eligible, students must be enrolled in degree programs for two consecutive semesters, beginning with their first semester at the College. Eligible students' tuition rates stay the same as long as the student remains continuously enrolled with no more than one semester of approved absence.

Scholarships

International scholarships are available to students who qualify. Scholarship applications must be submitted with admissions applications.

Honors Scholarship

The Honors Program is designed to give a limited number of high-achieving students the opportunity to study in greater depth than is possible in the regular degree programs.

To complete an application, go to: [BerkeleyCollege.edu/HonorsApplication](https://berkeleycollege.edu/HonorsApplication)

Transfer Policy

Berkeley College will typically accept transfer credits for courses that are deemed applicable to a student's program at Berkeley in which the student earned a minimum grade of C. For a complete review of transfer credits, students should submit their transcripts along with their application documents. All documents must be translated into English. International Baccalaureate (IB) and Global Assessment Certificate (GAC) credits are eligible for review.

Visas

We assist students in obtaining the appropriate visa to study in the United States. In general, many students come to the United States with an F-1 visa. If you are applying for the F-1 visa, we will provide you with the I-20 document after acceptance.
